# Suits As Pictured **\$25.00**

The Suit pictured is one of the very many new and ultra smart models which are brought to you at savings of many dollars by the merchandising powers of this highly developed department. The particular suit illustrated is of Chiffon Broadcloth—with genuine Fitch O'possum fur collar and cuffs, modeled with large flap pockets and a plain flared skirt with the large Gibson tuck. It denotes simplicity—but gives that much desired custom effect which is lacking in the ordinary ready-made suit.

## Our Line of Suits Up to \$45.00 Are the Finest to Be Had Anywhere In the Land

It is our boast—and on it we stake our reputation—that a suit from the Palais Royal is equal to the best custom-tailored garment. Let these suits themselves tell you why and how we have built this reputation. No matter if a garment needs three fittings—which is very rare—there is no extra charge and an expert man tailor is in charge of all fitting.

We carry enormous stocks of models and sizes, some brief description of which you may get from the following:

### The Materials

include Broadcloths—that are only Chiffon Broadcloths (guaranteed spot-proof) and every good mixture fabric—besides duvetyns, checks, poplins, serges, whipcords, gabardines and novelty fabrics.

Styles and trimmings are almost too numerous to mention. Suffice to say that fur-trimmed suits predominate. Genuine beaver, fox, wolf, skunk, o'possum and raccoon are used extensively. The sweeping basque to the skirt is trimmed around the edge with fur and is very chic. The bloused coat suit is yet another new feature in coat suits—where one may also find military boxcoat, fitted, Russian blouse and belted models.

### Expert Alterations Free

### The Colors

embrace every new shade, such as blackberry, prune, Bergundy, field mouse, taupe, maize and the newest browns, blues and greens, as well as black. Never before this season has such a rich assortment of coloring in suits been shown.

THE PROBLEM OF FUR COATS AT REASONABLE PRICES IS SOLVED THOROUGHLY BY

**SALT'S**  
WORLD-FAMOUS FABRIC FURS.

**\$25 Up**

A really good fur coat soars to hundreds of dollars, and is worth it, because reliable furs are ever becoming scarcer. This is too expensive for most of us and yet a cheap fur coat of patched and inferior skins is not acceptable.

Salt is a name famous in England—world famous, in fact—as the one maker of fabric furs that permanently retain all the appearance of rich furs. This October finds the Palais Royal headquarters in Washington; because Salt's fabric furs have been made up with all the nicety of detail linked with the making of the most expensive of fur garments. These coats are guaranteed in every respect as to durability, while the prices are only \$25.00 to \$55.00.
